

To Our Employees, Neighbors, and Other Interested Parties

Santa Barbara School Districts

are holding meetings to update the community on the status of possible plans for two sites, **Hidden Valley and Tatum**, and to get your input.

The primary goals behind selling or developing these sites are to provide funds for educational programs, provide funds for building and/or site improvements, and/or to provide reasonably-priced housing for employees.

Attend one of three community meetings to learn about:

- the purpose and goals of the feasibility analysis;
- information that has been gathered to date, including market issues and development constraints;
- potential uses for the sites;
- neighborhood concerns.

Provide input on "big picture" issues, including:

- the need for additional revenue to maintain and/or expand educational programs;
- the need for reasonably-priced high-quality housing for employees of the school districts;
- community quality-of-life issues;
- impacts of development and how they may be addressed.

Meeting dates, times, and locations

Three meetings, each covering the same materials, will be held in order to accommodate as many people's schedules as possible. Therefore, please participate in whichever meeting is most convenient for you.
