

# Santa Barbara School Districts

Date: November 19, 2007  
To: Board of Education Members  
From: J. Brian Sarvis, Superintendent  
Subject: **Report on Recent Single Plan for Student Achievement Presentations**

## Conference Agenda

---

### Background

For a number of years, site principals have presented their school's single plan for student achievement in a series of board workshops to highlight the actions to be taken to raise the academic performance of categorically funded students.

### Issue

In follow-up to the single plan presentations made in November, the board may have comments that will inform future presentations or may wish to change the format. Most school districts submit only the written plan to the board for board consideration and approval.
