

Dr J. Brian Sarvis
Superintendent
720 Santa Barbara Street
Santa Barbara, CA. 93101

Dear Dr. Sarvis,

My name is C.J. Kennedy, I am requesting to speak at a school board meeting.

I am a student of the Santa Barbara High School Transition Program, I am also a student at Santa Barbara City College. I am in a class at SBCC that is called Personal Development/ College Success.

My project for the class assignment, "Change the World", is to get a permanent classroom at SBCC for the Transition Program.

As you know, the Transition Program provides support to students with developmental disabilities. We have been on the SBCC campus for 18 years and have never had a room to call our own. We have to shuffle to a different room every day, sometimes twice a day, and on Tuesdays we are without a room for 1 hour. This is problematic for all of the students, but it affects some students more adversely than others.

I would like to present to the board a DVD that I have made to support that effort. The DVD is approximately 8 minutes long. My presentation to the SBCC class is on May 6th so I am hoping that I will be able to address the school board as soon as possible.

Thank you,

A handwritten signature in cursive that reads 'C.J. Kennedy'.

C.J. Kennedy
