 Subject: Approval of Declaration of Need for Fully Qualified Educators for the 2009-10 School Year.

Action Agenda: X (Time Required: 5)

Background

One of the requirements of the Commission on Teacher Credentialing (CTC) is that we as a District have a Declaration of Need for Fully Qualified Educators filed each year if we anticipate employing teachers who are not fully credentialed, e.g. on Emergency CLAD/BCLAD, Limited Assignment, Emergency Resource Specialist or Emergency Library Permits.

An employee on a University Internship Permit has been accepted into a credential program. They work with their college/university to complete all the necessary requirements within two years. To be in an internship program the employee has passed all of their subject matter tests and thus, meets NCLB compliance as well. We also have some teachers who need to apply for a Limited Assignment Emergency Permit. A teacher applying for a Limited Assignment Emergency Permit is already a fully credentialed teacher who is being asked to, and has consented to, teach in an area in which they are knowledgeable but are not fully credentialed to teach.

Recommendation

It is recommended that the Board of Education approve as an action item (per the Commission on Teacher Credentialing), the Declaration of Need for Fully Qualified Educators for the 2009-10 school year and pass the attached Resolution Number 09/10-10.
