RE: Report of Annual Teacher Assignments with Approval of Teachers to Teach Under Education Codes: 44256(b), 44258.1, 44258.15(a), 44258.2, 44258.7(b), 44263, and 44831 and Adoption of Resolutions 09/10-11 and 09/10-12

**Background**

Education Code 44258.9 requires that annually a report be made to the Board of Education on verifying the legality of each teacher’s assignment as an action item. The study of teaching assignments for the 2009-2010 school year and credential authorization has been completed. All teachers are authorized to teach their assignments.

Due to the complexity of staffing at the secondary level, the Education Code provides several provisions for teachers with expertise and experience in an area not listed on their credential, to teach in that area. Teachers approved under these codes are encouraged when possible to add the subject area to their credential.

Education Codes 44256(b), 44258.1, 44258.15(a), 44258.2, 44258.7(b), and 44263 provide for teachers with expertise and experience to teach in areas outside their credentialed area. All teachers teaching under these Education Code provisions need their assignments approved by the Board of Education and in addition, Education Code 44256(b) and 44263 need approval of a Board Resolution.

Listed below are the Education Codes and the teachers teaching under the provisions of the codes. All the teachers teaching under the Education Codes meet the criteria and have expertise and experience in the subject area that they are teaching. The authorizations are renewed annually.
