RE: Dr. Anthony Muhammad's Evaluations

Following the August 18<sup>th</sup> and 19<sup>th</sup> pre-service professional development days with Dr. Anthony Muhammad, teachers and administrators completed a two-page evaluation of Dr. Muhammad's training.

I reviewed each of the evaluations and found them to be extremely positive, far exceeding what I would have considered a successful training for an entire school district. From both elementary and secondary staff members, there were repeated comments such as: "This was the best training I've ever attended in my (various numbers) years in the Santa Barbara School Districts"; "This was a day well-spent"; and "Thank you for bringing such a powerful message through Dr. Muhammad to our district staff".

I am very pleased at this response from district teachers and administrators and I continue to hear comments about how sites are implementing practices that Dr. Muhammad described. I look forward to supporting this work during the 2009-2010 school year.
