

Santa Barbara Unified School District Board Policy

BP 1260

Community Relations

EDUCATIONAL FOUNDATIONS

Because demands on the educational system exceed available public funding, the Governing Board recognizes that members of the community are often willing to make voluntary contributions that will provide needed additional funds for the school district. The Board therefore approves and encourages the creation of independent educational foundations to actively raise funds that will enhance educational opportunities for our students.

The Board desires to work cooperatively with foundations in determining the purposes for which funds may be used to meet the changing needs of the district and its students.
