

Road to Renovation

An update on the Santa Barbara High School District's Measure V bond-funded modernization, renovation, and new construction projects.

Measure V Update

Work continues throughout the District on Measure V bond-funded projects. Visit the Districts' web site for aerial photographs that identify improvements at each campus <www.sbsdk12.org>.

Modernization: Safety, infrastructure, structural, accessibility, and previously committed projects (as described in each of the site's Needs Assessment Report completed by the site's architect).
