

Measure H: Four-year parcel tax (\$23 per year) to supplement math, science, and technology education; music, arts, and theatre programs at the junior high level; foreign language at the secondary level; and restore ninth-grade math class sizes.

September 2011

"Parcel tax dollars have been vital to our efforts toward sustaining critical programs like foreign language, music, and arts education. The community should be proud of the support it has demonstrated, all for the benefit of our students. Thank you Santa Barbara!"
**John Becchio
Principal
Santa Barbara High**

"Measure H allowed us to acquire technology that benefits the whole school, and it has helped to outfit our classrooms with current technology much more equitably than before."
**Shawn Carey
Principal
Dos Pueblos High**

"Thanks to parcel tax funds, La Cumbre students have had the opportunity to experience a variety of career and college pathway exploratory electives."
**Jo Ann Caines
Principal
La Cumbre
Junior High**

"We sincerely appreciate the support of the Santa Barbara community to continually make our students' education a priority. Particularly in these times of economic difficulty it is extremely helpful to be able to better address the areas of math, science, foreign language, and technology with the community's support."
**Ed Behrens, Principal
San Marcos High**

"La Cuesta and Alta Vista received parcel tax funds and we were pleased to be able to fund replacement computers and student printers in classrooms in order to provide students with full access to technology and the ability to effectively hone their writing skills."
**Kathy Abney, Principal
La Cuesta and Alta Vista**

"The parcel tax has been significant in funding elective courses such as music, theater, and foreign languages (Latin, Spanish and French) as well as educational technology and learning materials for mathematics and science. The impact will last a lifetime."
**David Ortiz, Principal
La Colina Junior High**

"Measure H has had a tremendously positive impact on Santa Barbara Junior High. It is because of Measure H that we are able to offer more electives to students. This year, because of Measure H, students have been able to take French, Latin, Industrial Technology, music, and theater classes. Thank you voters of Santa Barbara for enriching the needs of our students."
Lito Garcia, Principal, Santa Barbara Junior High

"Thanks to the support of the community funding the parcel tax, we are able to offer high-quality instruction for all of our students in math, science, technology, music, art, performing arts, and foreign language. As we strive to close the achievement gap these integral programs touch every student in our school district."
Veronica Rogers, Principal, Goleta Valley Junior High

It's a fact > The state cannot touch one dollar of parcel tax funds; every dollar is used to educate our community's children.
Special thanks to the Santa Barbara Education Foundation for leading the Measure H2008 campaign.
